Method to add bookmark to android on four different browsers! Goggle is third
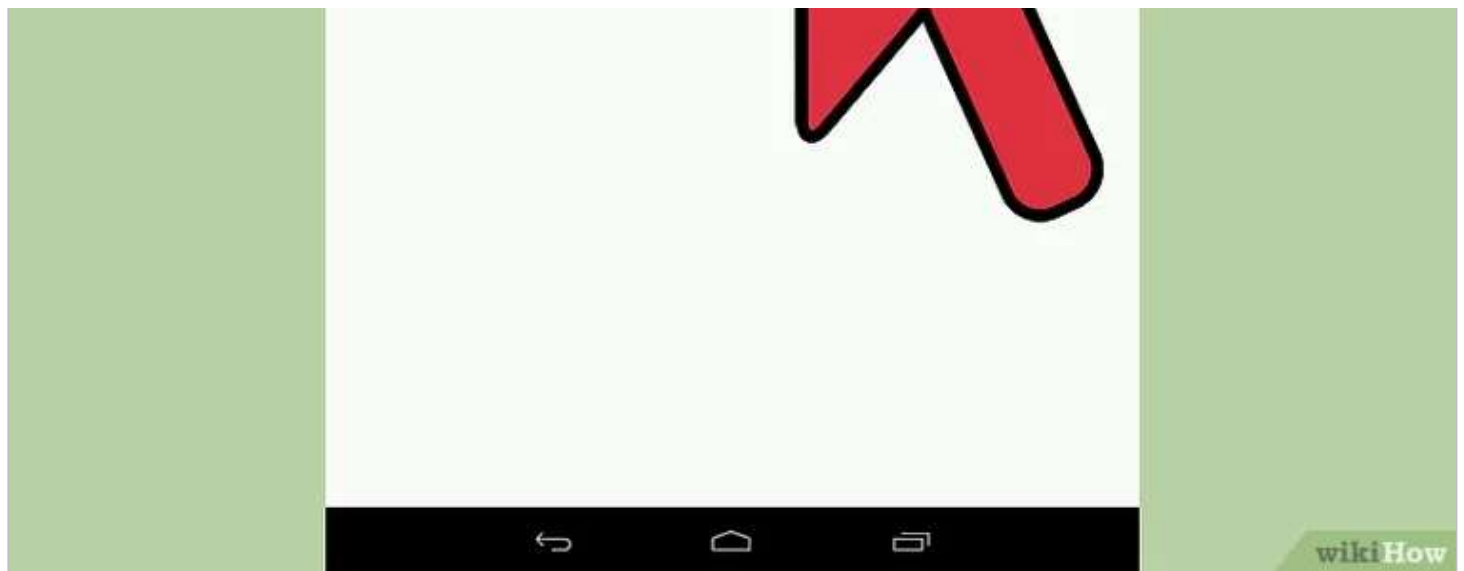

Method One of Four:
Using the Android 4.2+ Browser

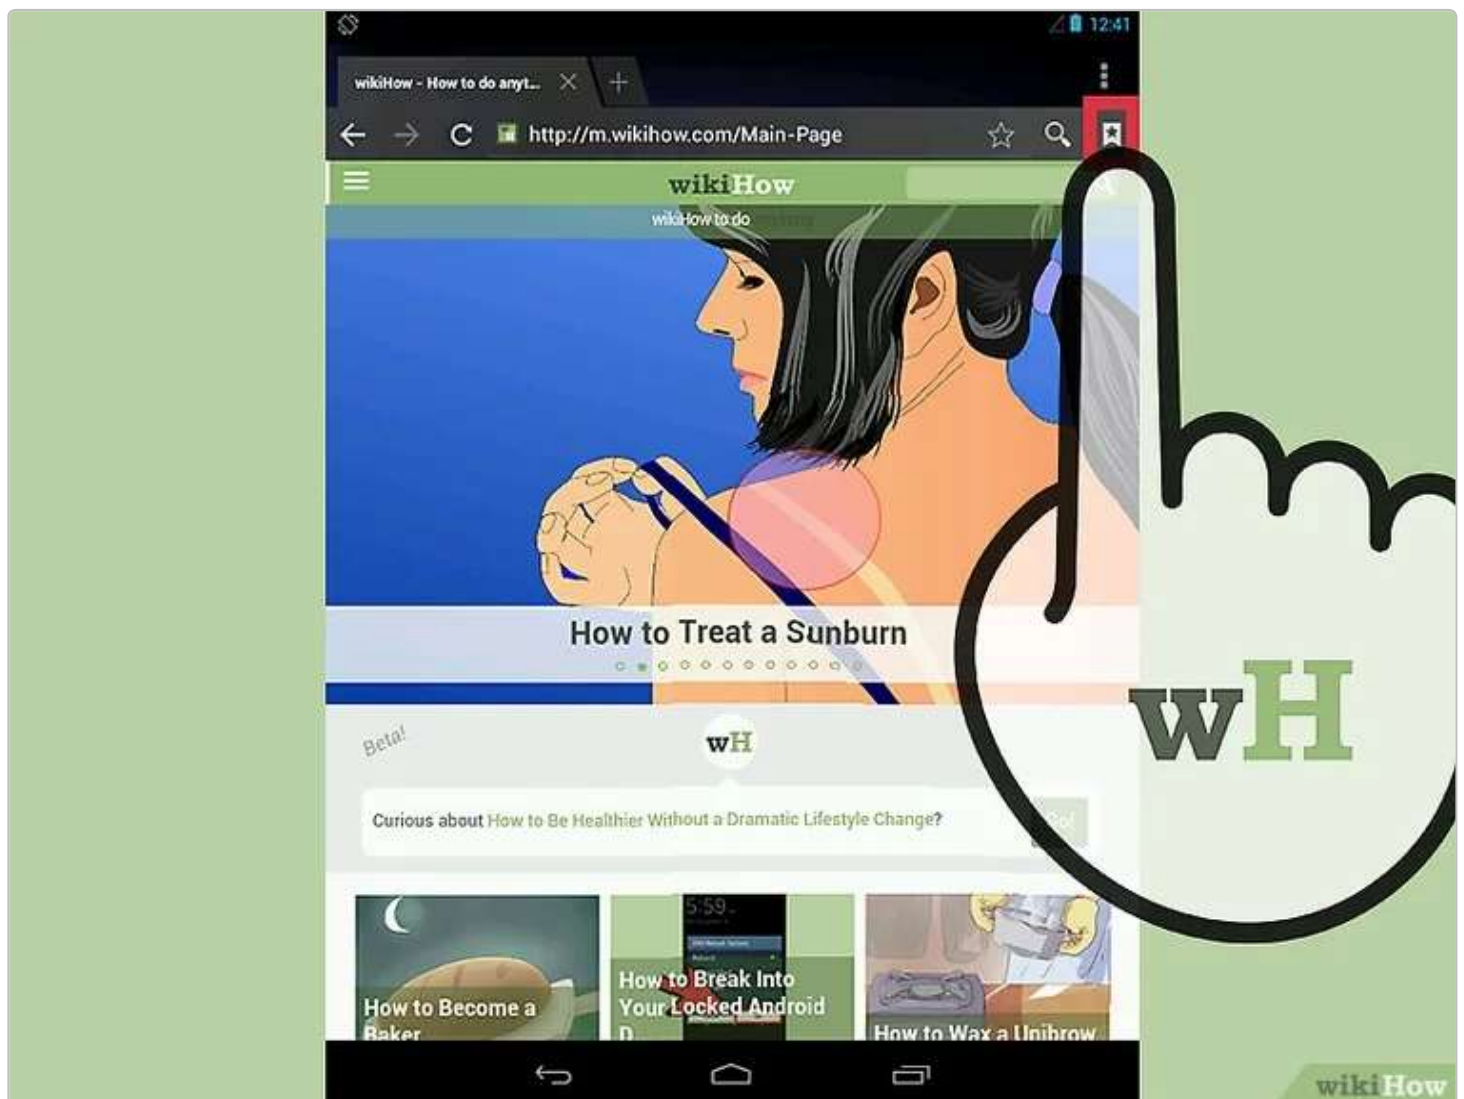

1   **Navigate to your Android web browser.** Locate the icon that looks like a globe and tap on
        it to open.

2 **Go to your website of choice.** Enter the name of the website in the text bar and press "Enter" or "Go."

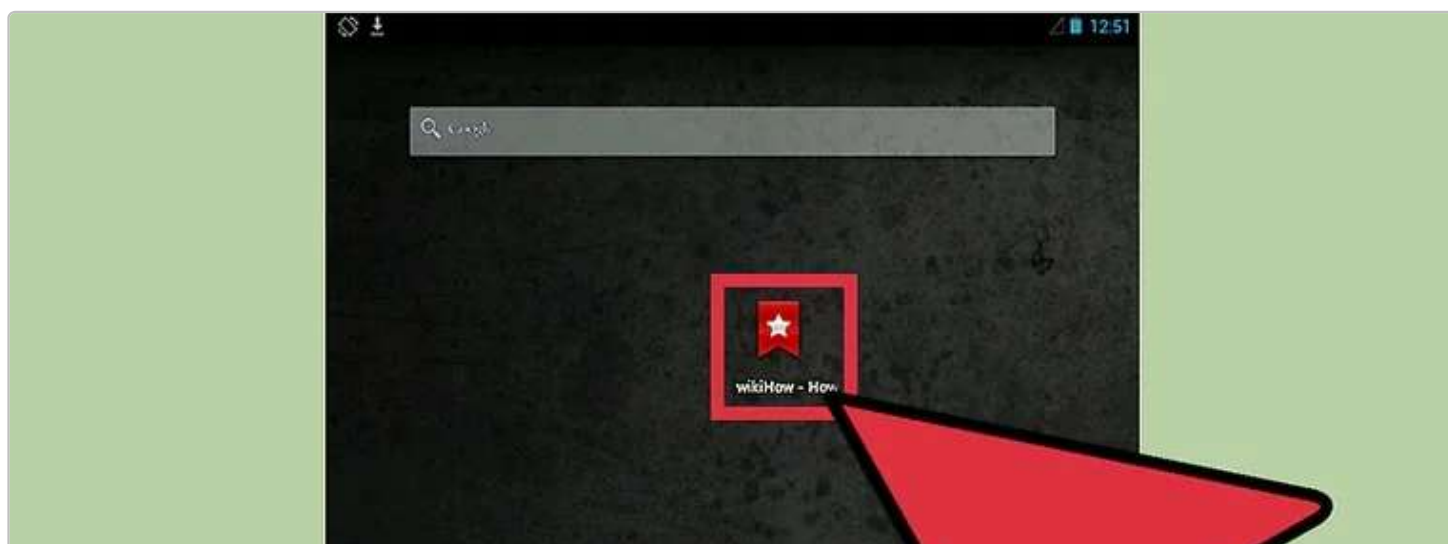

3

Tap on the Create Bookmark icon. This is the star outline icon to the right of the URL bar. An info box should appear asking you to name the bookmark and where you want it saved.

4   **Tap on the drop-down menu.** It can be found on the "Add To" choice.

5　　**Tap "Home Screen."** You should now see your new bookmark on your home screen.
